

2016 MEYER AQUASCAPES PONDARAMA TOUR LOCATIONS

513 941-8500

www.aquascapes.com

Sunday, June 26 10 a.m. to 6 p.m.

FREE Admission

For 2016 we will only have one day for the tour. We are featuring only a few of our water gardens for display this year. These water features were custom built by *Meyer Aquascapes, Inc.* Tour includes an array of beautiful streams, waterfalls and ponds. The water features are shown through the generosity of the homeowners. Each home is marked with a Pondarama sign in the yard.

Meyer Aquascapes and Dan Meyer have earned a new certification and is now a **Master Certified Aquascape Contractor** which is the highest level of certification. Meyer Aquascapes has been installing water features for over 18 years. We believe in “Ponds Built Right” with satisfaction beyond expectations.

Several commercial features can be viewed anytime:

The Marathon Station – two big *Pondless* waterfalls located at Ebenezer and Bridgetown Roads 45248

Ruah Woods – beautiful *Pondless* waterfall at 6675 Wesselman Rd 45248

Austin Landing – located exit above Springboro and is a new exit – right on **Austin Blvd** to Innovation Way and water feature is on the left. Dine at restaurants that surround this feature. It's very large with many waterfalls and each end of the large pond and has two bridges where you can cross and walk around this park like area. Located in Montgomery County. Exit 41 off I-75 North

Miami Township facility in Montgomery County – Multiple waterfalls located off I-75 at exit I-675 (Centerville) 2700 Lyons Rd Miamisburg OH 45242

Newport on the Levy – beautiful example of a trio of bubbling rocks in Newport KY on the Levy.

Harper's Point

This is a project with three large ponds to be redone with new waterfalls and landscaping. First pond is finished and has multiple waterfalls with walking trails around the pond. This will make you want to live there.

Pondarama 2016

Sunday, June 26 10 a.m. to 6 p.m.

KENTUCKY

Karen Jetter

3348 Booneland Trail

Boone County, KY 41018

This water feature and gardens will blow you away! Built in 2006 by Meyer Aquascapes. You don't want to miss this one! **Every year something new is added.** Walk thru the arches and down the paved walk to the back. Take the stone steps to the **20 x 15 bog garden** where the water feature begins. The stonework on the walls and steps is exquisite. A **new bubbling rock** has been added to this bog area. (A bog is the best system to filter large ponds). The paths and stone bridges cross over a **100 foot stream with 6 waterfalls until the stream drops 6 feet into the 30 x 40 pond.** The pond holds 20,000 gallons and was built with over 150 tons of boulders. The house has had major renovations and an outdoor kitchen is located next to the pond for entertaining. A hot tub is built into the natural stone walls complete with a waterfall. Take a **special tour of the new state-of-the-art chicken coop.** Designed to keep the feathered creatures warm and cozy! Another new feature this year is **multiple Shade Gardens** including a **new 3 stone bubbling rock water display.** There are several Hosta gardens located in this new area and featured are various **Hosta of the Year** with three specimens of each variety that has been awarded the hosta of the year by the American Hosta Society for the last 19 years. **Great photo opportunity! Allow an hour in time at this one. Staff will be present to answer any pond questions you may have. Food and drink are available.** *Located off Mineola Pike (South) in Kentucky*

OHIO

BRIDGETOWN

Russ and Donna Welty

8183 Jordan Road

Cleves, OH 45002

This **spectacular** 28 x 65 pond gives a magnificent view from all rooms facing the pond, decks and patios. This pond was built in 2004 with 70 tons of boulders and 30,000 gallons of water. There are two large waterfalls separated by a 15 foot stone bridge. If you want to see **lots of Koi, this is the place. Pond has a fish cave and tunnels to travel under the bridge.** The petunias and roses are in full bloom and there is a Hosta garden with a bench. Every year new wonders are added and this feature gets better every year. Follow the walking path around this beautiful pond.

NORTH EAST – MONTGOMERY

Harper's Point

8713 Harperpoint Drive

Cincinnati, OH 45249

This is a project with three large ponds to be redone with new waterfalls and landscaping. First pond is finished and has multiple waterfalls with walking trails around the pond. This will make you want to live there.

THE FEATURE LISTED BELOW CAN BE VIEWED AT ANY TIME. IT IS IN A PUBLIC LOCATION BELOW DAYTON. (Just above the Springboro exit OFF I-75)

Austin Landing Commercial Water Feature

Austin Blvd and Innovation Way

Dayton OH 45342

This is a magnificent water feature with **more than 20 waterfalls** built with waterfalls at each end of the large pond. It has **two bridges** across the pond which leads to a grassy area that will be used for concerts and other public gatherings. There are **restaurants surrounding this location.** This is a new exit just above the Springboro exit, turn right off exit. Dine at one of the restaurants and enjoy the music and if you stop by at night, walk around and enjoy the many lights in this feature. It's beautiful and impressive.

THIS ENDS THE PONDARAMA FOR THIS YEAR. HOPE YOU ENJOYED TOUR!
