And on
Sunday, June 28 10 a.m. to 6 p.m.
West & NW Cincinnati and NW Kentucky

FREE Admission

Again this year we have divided the Pondarama tour into **two tours** one being held on Saturday and one on Sunday with **different water features each day**. The two day event is a self-guided tour of 18 beautiful custom water features built exclusively for the home owner by *Meyer Aquascapes, Inc.* Tour includes an array of beautiful streams, waterfalls and ponds. The water features are shown through the generosity of the homeowners. Each home is marked with a Pondarama sign in the yard.

Meyer Aquascapes and Dan Meyer have earned a new certification and is now a **Master Certified Aquascape Contractor** which is the highest level of certification. Meyer Aquascapes has been installing water features for over 18 years. We believe in "Ponds Built Right" with satisfaction beyond expectations.

Several **commercial features** can be viewed anytime:

The **Marathon station** – two big waterfalls located at Ebenezer and Bridgetown Roads 45248

Miami Township facility in Montgomery County – Multiple waterfalls located off I-75 at exit I-675 (Centerville)

Austin Landing – located exit above Springboro and is a new exit – right on **Austin Blvd** and water feature is on the left. Dine at restaurants that surround this feature. It's very large with many waterfalls and each end of the large pond and has two bridges where you can cross and walk around this park like area.

Aston Oaks Golf Clubhouse – Aston Oaks Golf located off Rt 50 on the west side. Restaurant is available for lunch or brunch or dinner.

Angie's list.

Saturday, June 27 9 a.m. - 6 p.m.

Note: Marked with ** are features that are new this year on the tour.

KENTUCKY

POND 1 Jackson Floral and Garden Center

3124 Madison Avenue Covington, KY 41015

This 11 x 16 water garden was installed in collaboration with Meyer Aquascapes. It beautifies the Garden Center and serves as a display pond. Check out the garden center's store with loads of unique garden décor, perennials and annuals.

Don't miss Tony Works garden radio show on Saturday mornings at B-105.1.

POND 2 Terry and Rick Nowak

795 Crocus Lane Taylor Mill, KY 41015

Enjoy two beautiful Pondless waterfalls with 10 foot streams. This home has a beautiful outdoor living space on the first level with a stone fireplace that compliments the two Pondless waterfalls with a covered sitting area. As you walk down the stone steps on both sides you will see two lovely Pondless waterfalls and then continue walking along a brick path where you will see the most amazing shade gardens on each side of the lighted walkway.

POND 3 Peggy Pleiman

10 Louis Circle Cold Spring, KY 41076

This beautiful 5 x 10 foot pond has a 12 foot stream with multiple waterfalls. Setting alongside the pond is a nice patio that allows you to enjoy this pond day and into the night. To enhance the pond, rich brown Weathered Limestone Boulders were used to build the waterfalls and add beautiful texture the overall appearance of the project. New LED lighting extends the enjoyment of watching the fish into the evening hours.

EAST CINCINNATI

POND 4 Debra and Peter Ruehlman

7135 Ravens Run Cincinnati, OH 45244

A beautiful pond with three waterfalls seems to magically appear from the woods. Installed in 2012 with LED lighting, this pond is a great spot day or night. The flagstone patio with a fireplace compliments the sound of the water for true outdoor living space.

****POND 5 Bob Schlinkert**

2602 Meadowmar Ln Cincinnati OH 45230

New on the tour this year! Some new additions have been added to this backyard paradise. A Pondless waterfall built approximately 4 feet high with three to four cascading waterfalls down a 20 foot stream. The water will flow into a rocked basin at the bottom of the feature. Weathered limestone boulders and oversized decorative gravel were used to enhance the overall appearance of this Pondless.

LOVELAND

POND 6 Dan Drake

117 Bares Creek Rd Loveland, OH 45140

Meyer Aquascapes designed a waterfall at the corner of the existing patio in addition to a 40 foot stream with natural bends and curves that moves through a beautifully landscaped area. A flagstone patio graces the area with newly installed stepping stones to the new patio. This was a nice addition to an already exquisitely landscaped yard.

This ends the Saturday Tour.

Pondarama 2015

Sunday, June 28 10 a.m. to 6 p.m.

West & NW Cincinnati and NW Kentucky

KENTUCKY

POND 1 Karen Jetter **3348 Booneland Trail**

Boone County, KY 41018

This water feature and gardens will blow you away! Built in 2006 by Meyer Aquascapes. You don't want to miss this one! **Every year something new is added.** Walk thru the arches and down the paved walk to the back. Take the stone steps to the **20 x 15 bog garden** where the water feature begins. The stonework on the walls and steps is exquisite. A **new bubbling rock** has been added to this bog area. (A bog is the best system to filter large ponds). The paths and stone bridges cross over a **100 foot stream with 6 waterfalls until the stream drops 6 feet into the 30 x 40 pond.** The pond holds 20,000 gallons and was built with over 150 tons of boulders. The house has had major renovations and an outdoor kitchen is located next to the pond for entertaining. A hot tub is built into the natural stone walls complete with a waterfall. Take a **special tour of the new state-of-the-art chicken coop.** Designed to keep the feathered creatures warm and cozy! Another new feature this year is **multiple Shade Gardens** including a **new 3 stone bubbling rock water display.** There are several Hosta gardens located in this new area and featured are various **Hosta of the Year** with three specimens of each variety that has been awarded the hosta of the year by the American Hosta Society for the last 19 years. **Great photo opportunity! Allow an hour in time at this one.** *Located off Mineola Pike in Kentucky*

VILLA HILLS

****Pond 2 Rick and Nancy Speed**

2578 Sierra Dr

Villa Hills KY 41017

New this year! Two features both a pond and a Pondless waterfall. The Pondless waterfall is approximately 3 feet tall and 4 feet wide. Small weathered ledge stone and oversized decorative gravel were used to enhance the overall appearance of the project. The existing pond was reworked, dug deeper and updated.

OHIO

BRIDGETOWN

Pond 3 Russ and Donna Welty

8183 Jordan Road

Cleves, OH 45002

This **spectacular** 28 x 65 pond gives a magnificent view from all rooms facing the pond, decks and patios. This pond was built in 2004 with 70 tons of boulders and 30,000 gallons of water. There are two large waterfalls separated by a 15 foot stone bridge. If you want to see **lots of Koi, this is the place. Pond has a fish cave and tunnels to travel under the bridge.** The petunias and roses are in full bloom and there is a Hosta garden with a bench. Every year new wonders are added and this feature gets better every year. Follow the walking path around this beautiful pond.

****Pond 4 Ruah Woods**

6675 Wesselman Rd

Cincinnati OH 45248

New on the tour this year. This beautiful Pondless Waterfall has a 15 foot stream with three large waterfalls. Weathered Limestone and oversized decorative gravel were used to enhance the overall appearance. The sound of the waterfalls adds to the serenity of the location used for retreats and conference meetings.

Please note: Rybolt is closed to through traffic from Harrison to Wesselman and from Taylor to Wesselman. If you exit onto Harrison Ave from I74, it is best to continue east on Harrison to Wesselman, turn left at the light (Dairy Farmers).

DELHI

****Pond 5 Ray and Rita Grothaus**

926 Pontius Rd

Cincinnati, OH 45233

New on the tour! This beautiful pond is an approximate 11 by 16 foot pond with a 20 foot stream and multiple waterfalls. It is positioned in the backyard with a clear view of a large lake and a newly constructed gazebo. The Sandstone boulders and ledge rock add beautiful brown tones to the rocks. Accent boulders and oversized decorative gravel were used to enhance the overall appearance of the project.

****Pond 6 Ken and Pam Hilvert**

6334 Simon Dr

Cincinnati, OH 45233

New on the tour! This Pondless waterfall has a 15 foot stream where the water cascades down the Weathered Limestone boulders. Oversized decorative gravel was used to enhance the overall appearance of the project.

Pond 7 Susan Hensley

1346 Castlebridge Ct

Cincinnati 45233

This beautiful heart shaped 14 x 16 pond was built in 2002. The waterfall flows over a built in stone wall. Shade gardens surround the waterfall and wall for a pleasing backdrop to the pond. This shows that a pond built right will last for years.

MONFORT HEIGHTS

****Pond 8 Chris and Shannon Brown**

5965 Snyder Rd

Cincinnati, OH 45247

New on the tour! This is a very large Pondless waterfall on the edge of the existing earth bottom pond. It starts out with 5 waterfalls then it combines and widens out to approximately a 17 to 20 feet wide waterfall and then cascades down to another wide waterfall. Weathered Limestone boulders will be used to create the waterfalls and to enhance the overall appearance of the project. Spectacular lighting and other added projects. This one is a must see! One of a kind.

NEAR GREENHILLS

Pond 9 Bonita and Gene Brockert

2382 Crest Road

Cincinnati, OH 45231

This home has three features and beautiful, lush gardens. Visit the 20 x 20 large Sandstone pond which is framed with lush landscaping, gazebo and a pergola. Walk throughout the property to enjoy the variety of spectacular gardens along with a day lily exhibit, statues and rock fountain. Don't miss the Pondless waterfall that can be viewed from the back of the house. *Take 275 east to Hamilton Ave, turn left.*

WEST CHESTER

Pond 10 Nick and Margaret Ursini

7252 Saint Ives Place

West Chester OH 45069

Back on the Tour! Enjoy this breathtaking Pondless water feature built in 2008 with over 40 tons of weathered limestone used to create the water feature and retaining walls. This feature has two streams, on the left side is a 30 foot stream tucked away into the hillside with 3 waterfalls and the other on the right with a 20 foot stream and waterfalls. The streams come together and drop into a 6 x 6 pooling area and together they travel into the Pondless basin. At the end of the basin in a dry creek bed that continues into a natural creek bed behind the property. The water feature is complemented by 2 stone bridges connecting to stone pathways that guide you around this backyard paradise. Naturally curving paver patios with build-in seating walls and a fire pit make for the perfect entertaining area for family and friends. The stunning landscape is surrounded by native plantings and perennials for an added touch of color. Climb the natural stone steps up towards the house where you will find another paver patio and large deck which offers a wonderful view of the entire backyard. The private wooded setting makes you forget you are in a subdivision!

Make sure you go to Wetherington Rd entering Wetherington Golf Community at the main entrance. GPS will direct you wrong.

THE FEATURE LISTED BELOW CAN BE VIEWED AT ANY TIME. IT IS IN A PUBLIC LOCATION BELOW DAYTON. (Just above the Springboro exit OFF I-75)

Pond 11 Austin Landing Commercial Water Feature

Austin Blvd

Dayton OH 45342

This is a magnificent water feature with **more than 20 waterfalls** built with waterfalls at each end of the large pond. It has **two bridges** across the pond which leads to a grassy area that will be used for concerts and other public gatherings. There are **restaurants surrounding this location**. This is a new exit just above the Springboro exit, turn right off exit. Dine at one of the restaurants and enjoy the music and if you stop by at night, walk around and enjoy the many lights in this feature. It's beautiful and impressive.

THIS ENDS THE PONDARMA FOR THIS YEAR. HOPE YOU ENJOYED TOUR!
