## FALL MAINTENANCE SERVICE

Name: \_\_\_\_\_

Phone: \_\_\_\_\_

Address: \_\_\_\_\_

Email: \_\_\_\_\_

**BASIC FALL MAINTENANCE**

- Pond net installation
- Trim all aquatic plants
- Clean the filter mats
- Inspect all components for proper function and check the pond perimeter
- Please check if you wish the following service(s) performed:**
- Disconnect the check valve and remove the pump for storage\*
- Install pond de-icer
- Install pond aerator

\* Please leave a storage container for the pump.

**OPTIONAL ITEMS:**

- Pond De-Icer - \$110.48.** A Pond De-Icer is ideal for keeping a small hole in the ice during cold winter months and ensures proper gas exchange helping keep fish alive throughout the winter.
- Pond Aeration Kits – 2 Sizes.** Aerators are designed to increase oxygen levels and improve water circulation throughout the pond. Your choice of 2 kits: Small aeration kit (\$149.99) for ponds up to 5,000 gallons of water and large aeration kit (\$299.99) for ponds up to 15,000 gallons of water. Please specify which kit you would like to have installed.
- Cold Water Bacteria (Gallon) - \$84.98.** Adding bacteria helps to provide clean, clear, and healthy water conditions in water as cold as 35° Fahrenheit.

**SPECIAL INSTRUCTIONS:**
